The Neurodivergent Classroom

Offer: School License for the Teacher Portal

for principals, school leadership teams and parent associations

The Teacher Portal from The Neurodivergent Classroom helps teachers plan lessons where neurodivergent students can thrive, and the whole class along with them. With a school license, every teacher at your school gets their own login, and every class gets the Learning Animal Check too.

Prices

The price depends on the size of your teaching staff. All prices in US dollars, plus any applicable taxes.

Up to 20 teachers

$790

per year, 20 individual licenses

about $65.83 per month

21 to 50 teachers

$1,390

per year, 50 individual licenses

about $115.83 per month

51 teachers or more

$1,990

per year, one license per teacher

about $165.83 per month

Billed annually: one invoice per year to the school, the district or the parent association, payment terms 30 days.

Included at every tier: the Learning Animal Check for every class and every teacher. For example, a school with 30 teachers pays $1,390 per year, which is about $3.86 per teacher per month. Annual access for a single teacher costs $99.

What's inside

- Every topic from ADHD to OCD, in depth and easy to follow
- Classroom ideas with ready-to-print sheets, sorted by grade level
- Fresh content all year long: new classroom ideas, printables and seasonal sheets

Classroom idea with printables

How the licenses work

- Every teacher gets their own code, not one shared code for everyone.
- When a teacher first signs in, the code is linked to their **school email address** and works on **no more than two devices**.
- Give any spare codes to new colleagues. If someone leaves your school, we'll free up their code on request.

The four learning animals

For your classes

The Learning Animal Check is included

The Learning Animal Check is a playful way to see which ways of learning work best right now: pictures, listening, movement or talking with others. There is one version for grades 3 and 4 (ages 8 to 10) and one for grades 5 to 12 (ages 10 to 18).

- A class set of 30 codes for every class
- Every class set with its own teacher code
- A personal code for every teacher to try it out
- No names, and results stay in the browser

How ordering works

1. Fill in the order form at neurodivergentclassroom.com/school-licenses/order/ with the number of teachers and classes.
2. You'll get an invoice by email. Payment terms: 30 days.
3. Pay the invoice as stated on it. We match your payment to your order.
4. Once payment arrives, your contact person gets all the codes on one printable page: the teacher licenses and the class sets.

Term: twelve months from receipt of payment. The license renews for one more year each time unless it is canceled at least 30 days before it ends. About six weeks before the end, we remind your contact person. Teacher codes stay the same, and you get new class sets.

Privacy: For each license we store only the school email address, one check value per device and the time of last use, never which pages were read. We store no data about students.
